There has never been a better time to escape to the mountains. Pristine terrain. Wide open spaces. Devoid of crowds. Freedom to roam. And there's no better place to find space and plain air than in the Dolomite Mountains. The vastness of the Dolomites, "surrounded" by expansive, wide open spaces, just begs to be explored. outside of your group that you are comfortable with. Move from resort-to-resort, stay in the same hotel your entire trip, or luxuriate in a private chalet. Take a guided or a self guided trip; a group trip or private trip. The choice is yours!

Regardless of what you choose, we will do everything possible to keep you and your fellow travelers safe and comfortable, so you can experience the joy of being in the Dolomites, and rediscover the freedom wide open spaces. At times, you may even feel like you have these mountains all to yourself!

THE PERFECT WAY TO EXPERIENCE WINTER IN THE DOLOMITES!

Ski Safaris are one of the most incredible ways to explore the Dolomites in winter. On these unique, multi-day Dolomite Mountains trips, you will ski from resort-to-resort, enjoying the advantage of lift service pistes. No hiking, no snowshoeing, no skinning – just skiing, pure and simple!

Our ski safaris offer much more than classic resort skiing: in addition to descending beautiful pistes at the Dolomiti Superski – the number one ski resort in the world – you'll move from valley-to-valley each day on skis, enjoying different accommodations

most nights. Each evening you'll experience the welcoming atmosphere of hotels and rifugios – alpine inns set high atop the mountains, where you can savor the excellent culture and cuisine unique to the region.

Nowhere else on Earth can you access such a variety of lift-service skiing terrain covering so much ground, where no two days of skiing are ever the same. Plus, with the Winter Olympics returning to the Dolomites in 2026, now is your chance to check out the championship pistes before the athletes arrive!
